

**First Berlin Masterclass
in Modern Rhinoplasty Techniques
March 25, 2017**

Perfection in Rhinoplasty

This Berlin Masterclass aims to teach you basic and advanced techniques in modern rhinoplasty. Starting with the basics, such as surgical anatomy, patient selection and pre- and postoperative care.

Further introduction to modern rhinoplasty: approaches, hump resection, micro-osteotomies, tip surgery, grafts in nasal surgery and more advanced: revision rhinoplasty, the use of composite grafts and basics in nasal reconstruction.

With Holger Gassner, Werner Heppt and myself, we will combine PowerPoint presentations with live surgery video clips.

Prof. Dr. G.J. Nolst Trenité
Amsterdam,
Netherlands

Prof. Dr. H.G. Gassner
Schön Klinik Nürnberg,
Germany

Prof. Dr. W. Heppt
Clinical Center Karlsruhe,
Germany
